Inspirata alla tipica cristallizzazione del salgemma e riproducendone colori, consistenza e lucentezza, *Supreme* fa rivivere i preziosi capolavori che la natura ha creato nei secoli, provenienti dalle sedimentazioni rocciose di ogni angolo del mondo. Inspired by the typical crystallization of rock salt and reproducing colors, texture and shine, *Supreme* brings to life the precious masterpieces that nature has created over the centuries, coming from the rocky sedimentations of every corner of the world.

Venature irregolari, armoniosi effetti nuvolati, delicate cromie e infinite sfaccettature tra luci e ombre si rincorrono all'interno della lastra valorizzandone la cromia ed enfatizzando la piacevole tattilità materica della materia di origine.

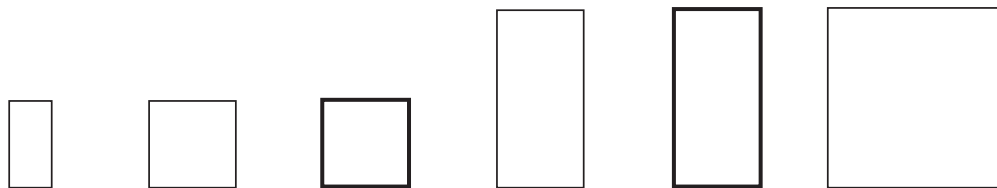

Irregular veins, harmonious cloudy effects, delicate colorus and endless facets between light and shadow chase each other inside the slab enhancing the chromaticism and emphasizing the pleasant tactility of the material of origin.

galloway

Il rovere, ricavato dall'imponente e longevo albero di quercia, conosciuto e impiegato sin dall'antichità per le lavorazioni di alta qualità e ancora oggi sinonimo di pregio ed eleganza, rivive nelle lastre di questa collezione dalle morbide tonalità.

The oak, obtained from the majestic and long-lived oak tree, known and used since ancient times for high quality manufacturing and still today synonymous with value and elegance, lives on in the slabs of this collection in soft shades.

The ambition of The City collection is to create a new material expression which is authentic to the modern process of the ceramic manufacture that can be used in a wide range of applications. A material that can benefit from the robust and consistent technical characteristics of ceramic, but with the aesthetic qualities and variation of a natural stone.
