KRONOS
CERAMICHE

KRONOS CERAMICHE produce pavimenti in gres porcellanato da oltre 40 anni. Le competenze finora acquisite, unite a una costante attenzione per le innovazioni, hanno portato l'azienda a rappresentare il Made in Italy nel mondo. L'obiettivo è sempre stato quello di evadere dall'ordinario per trovare soluzioni alle richieste più complesse, con una ricerca costante, un'alta flessibilità di idee e prodotti, in un continuo confronto con l'architetto e il cliente. Un atteggiamento sartoriale tipicamente italiano che permette di sognare e vedere realizzati i propri "progetti da abitare", proponendo un "made to measure" ogni volta diverso con immutato entusiasmo e passione.

KRONOS CERAMICHE has been producing porcelain floor tiles for over 40 years. The skills acquired so far, combined with a constant attention to innovation, have led the Company to represent "Made in Italy" in the world. The main purpose has always been to escape from the ordinary to find solutions to the most complex requests, with constant research, high flexibility in ideas and products, as well as a continuous dialogue with the architect and the customer. A typically Italian attitude which allows you to dream and to see your own living projects realized, proposing a bespoke solutions, with unchanged enthusiasm and passion.

K LAB ++

Made
by gres

Klab è un contenitore che raccoglie tutto ciò che è “speciale”: scalini, soglie, bordi piscina, ma anche mensole, lavabi, tavoli e molto altro ancora. Tutti i pezzi speciali sono personalizzabili e commissionabili su misura negli spessori 1 cm, 2 cm e 6 mm, per interno ed esterno, in base ai prodotti in gamma.

Klab covers everything that is special: steps, thresholds, pool edges, but also shelves, washbasins, tables and much more. All special pieces can be customized and commissioned to measure in 1 cm, 2 cm and 6 mm thickness, for indoor and outdoor, according to the current products.

Bespoke concept

Bespoke è un termine inglese utilizzato dalle grandi firme della moda per identificare i vestiti fatti “su misura”.

Kronos ha fatto propria questa filosofia per dare lo stesso tipo di servizio personalizzato ai clienti più esigenti, che possono quindi creare i pezzi speciali secondo le proprie esigenze sia estetiche che progettuali.

Lavorazioni manuali che rendono ogni opera unica ed irripetibile, riscoprendo l'antico valore dell'imperfezione.

Bespoke is an English term used by the big names in fashion to describe clothes that are made to measure.

Kronos has adopted this philosophy to give the same type of personalized service to the most demanding customers, who can create the special pieces according to their aesthetic and design needs.

Manual processes that make each job unique and unrepeatable, rediscovering the ancient value of imperfection.

Ripresa della costa

EDGE FINISH

La ripresa della costa consiste in un processo di lavorazione artigianale eseguito sul lato della piastrella (la costa). Tale processo migliora l'estetica dei nostri prodotti rendendoli più omogenei e naturali. Questa lavorazione è eseguita manualmente e dona al pezzo un forte carattere di unicità, generando un elemento dal design moderno e contemporaneo.

The EDGE FINISH is a manual process made in the edge of the tile. This process improves aesthetically our products in a more homogeneous and natural look. This hand crafted process makes each piece unique with a modern and contemporary design look.

Lettering + decors

Il lettering personalizzato è una lavorazione speciale su misura con la quale è possibile realizzare scritte ed elementi grafici esclusivi direttamente sulla piastrella. Un'iscrizione in basso rilievo messa in risalto dall'impasto a colore della piastrella che può impreziosire e rendere ancora più unico un ambiente, indipendentemente dalla sua destinazione d'uso.

Bespoke lettering is a custom procedure in which exclusive messages and graphics are created in the surface of the tile itself. The engraving is highlighted by the coloured body of the tile, and it can add distinction and uniqueness to any environment, regardless of its intended use.
