CERAMICHE

Quattro interpretazioni ceramiche nelle quali l'ambiente e la natura sono punto di partenza e di arrivo di design versatili e contemporanei. Dagli effetti pietra di Nordika e Strade Romane fino alla sofisticata "Le Terre", passando per Rovere, il classico intramontabile, con le nuove collezioni 2022 Polis porta nella tua casa lo stile inimitabile della ceramica 100% Made in Italy. Per spazi tutti da vivere, e da amare.

Four ceramic finishes inspired from start to end by nature and the environment for versatile contemporary designs. From the stone effects of Nordika and Strade Romane to the sophisticated "Le Terre" line, with oak-effect Rovere (a timeless classic) in between, the new Polis 2022 collections bring the inimitable style of 100% Italian-made ceramics to your home. For designs to be lived in and loved.

INDEX

NORDIKA
NORTHERN ATMOSPHERE

Nordika racconta l'atmosfera profonda e sofisticata di villaggi nordeuropei nei quali muri, strade e cielo si riflettono e fondono coi colori del cielo.

Lo fa con un'interpretazione inedita e minimalista della palette cromatica e dell'estetica superficiale, caratterizzata da leggere inclusioni su una base ricca e viva.

Nordika conjures up the rich, sophisticated ambiance of noreuropean villages, in which the tones of the walls and streets are reflected and blend with the colours of the sky. It offers an unprecedented, minimalist interpretation of the colour palette and patterns, characterised by subtle inserts set off by rich, vibrant background.

LE TERRE

GROUND MEETS CONCRETE

Il più semplice dei materiali da costruzione, l'argilla, diventa con Le Terre strumento espressivo per ambienti residenziali e commerciali dal fascino essenziale e sofisticato, nel quale pareti e superfici si esaltano in uno stile morbido e avvolgente.

With Le Terre, the most basic of building materials - clay - becomes a sophisticated design tool, to lend homes and businesses a simple, sophisticated appeal, in which the warm, inviting mood of the tiling is enhanced by a new and unusual textured effect.
